UNFINDABLE CORNER PENTHOUSE

Interestingly located a few steps from the Faculty of Economics and Commerce and Corso Unione Sovietica, in Via Asuncion 6, we offer a panoramic corner penthouse, characterised by great brightness and privacy.
The property enjoys a beautiful exposure with open views of the Turin hills and is distinguished by large terraced balconies creating a pleasant extension of the interior spaces.
The property, located on the 6th and top floor, offers a versatile layout comprising an entrance hall, living room with kitchenette, two bedrooms, a bathroom, and a cellar.
The property needs to be renovated with the exception of the windows and doors, which have recently been replaced.
An exclusive solution for experiencing Turin from above, surrounded by light and an unparalleled view of the city and the surrounding hills, without sacrificing the convenience of major city services and transport links. A truly unique opportunity.
